

Unbeatable benefits of our waterbeds

Relieving Muscle Tension:	Alleviates strain on the back and neck, especially for those suffering from pain caused by the wrong mattress.
Deep Muscle Relaxation:	Soothing relief for overworked muscles, ideal for back problems.
Support for Natural Posture:	Promotes healthy sleep and optimal spinal relief.
Reduced Pressure Points:	Even weight distribution to prevent pressure sores and discomfort.
Restful Sleep:	Perfect support for enhanced nightly recovery.
Herniated Disc Prevention:	Comfort exactly where it's needed most.
Promotes Regeneration:	Creates ideal conditions for physical and mental recovery after a demanding day.
Floating Sensation:	Feels like sleeping on a cloud, reducing pressure and muscle strain.
Stress Reduction During Sleep:	Deep, uninterrupted rest for a more relaxed lifestyle.
Waking Up Refreshed:	Start your day energized and revitalized as a delightful bonus.

Unbeatable benefits of our waterbeds

Pure Relaxation

Immerse yourself in a sense of complete tranquility and relaxation. With Pure Relaxation, sleep becomes a rejuvenating escape that harmonizes body and mind.

Experience a new level of comfort that pampers all your senses for maximum recovery and the perfect start to your day.

Minimal Maintenance

Thanks to the advanced technology of our waterbeds, maintenance is remarkably simple: a single addition of conditioner is all it takes to keep the water fresh and free of bacteria – even in Thailand’s warm climate. With Minimal Maintenance, you can enjoy lasting comfort without any hassle.

Improved Sleep Quality

Experience the transformative power of Improved Sleep Quality. Our innovative sleep system with lumbar support provides optimal spinal relief, reduces pressure points, and promotes deep relaxation ensuring you wake up refreshed and full of energy.

Say goodbye to restless nights and embrace a new standard of restorative sleep.

Unbeatable benefits of our waterbeds

Orthopedic Lumbar Support

The lumbar support in the waterbed stabilizes the lower back, promotes a healthy sleeping posture and relieves the spine. It prevents excessive sinking and ensures better comfort, especially for those with back problems.

No Heating Required

Thanks to the warm climate, a waterbed in Thailand does not require heating, which saves energy, provides a pleasantly cool sleeping environment and makes maintenance easier. Ideal for tropical conditions.

Hygienic Top Liner

A topline protects the water mattress from dirt, moisture and wear, extends its lifespan and makes cleaning easier. It ensures greater hygiene and comfort.

2x Tencel® Top Cover

A Tencel® cover offers a soft, skin-friendly surface with excellent breathability and moisture regulation. It ensures a pleasant sleeping environment, has an antibacterial effect and is sustainable and easy to care for.

Perfect for hygiene-conscious users and allergy sufferers.
